SharedPreferences Priorities

For 11/19 Assignment

1. YourCustomers sharedPrefs, implemented on SuggestionsForImprovement

For Beta

1. YourHours sharedPrefs, implemented on SuggestionsForImprovement
2. SuggestionsForImprovement sharedPrefs, implemented on ActionPlan (displays the list of suggestions chosen by the user)
3. ClientInfo/BusinessInfo use sharedPrefs to calculate values for the graph on YouAndYourCommunity
 - Stretch goal for the beta: use this data to plot two points and display the graph on YouAndYourCommunity
 - if we can't implement in time for beta, we will use the sharedPrefs to display the values without the graph
